~~Group Metting 1~~

- Use 'track' and 'track_10' to link different datasets
 - Census tract of 2017 & 2016: the base layer
 - Shelter: try to find the capacity of shelters
 - Crime: more homeless, more crime?
 - 311: more homeless, more reports (more angerness of residents)?
-

To do:

- ☐ clean the data
- ☐ sum up the numbers in Census Track and add them to a map
